

## Arizona Report of Public Agency Performance on Graduation Rates for Students with Disabilities

### Indicator 1: Graduation Rate

Percent of youth with IEPs graduating from high school with a regular diploma.

#### Measurement

The graduation rate is the percentage of students with IEPs in a given cohort who graduate within four years, minus those who exit due to illness, transfer to a school that is not an Arizona public school, are home schooled, transfer to a correctional or detention facility, or are deceased. The 4-year cohort methodology includes all students with disabilities who entered an Arizona high school at any grade over the previous four school years. Further information regarding the calculation of graduation rates for Arizona can be found on the ADE website at [www.ade.az.gov/researchpolicy](http://www.ade.az.gov/researchpolicy).

#### Data

The data used for this Indicator are from the 2008 cohort. The data pertain to all school districts, charter schools, and other public education agencies (PEA) that award high school diplomas.

A PEA listed with an asterisk (\*) means it had fewer than 10 students with IEPs who were in the 2008 cohort. In these instances, the data are not reported to ensure confidentiality.

**State Target:** 64.5%

**State Results:** 64%
